

Draft of Post Card Campaign

Front Page:

Pictures: a kid, and a pregnant woman and her son

Slogan (at the bottom of postcard):

Welcome to Ontario...but please don't get sick!

Back page:

All landed immigrants have **no** Ontario Health Insurance Plan (OHIP) for the first 3 months.

Only Ontario and British Columbia still impose a strict 3-month wait policy.

A hospital emergency visit costs a minimum of \$535.

Delivery of a new Canadian baby costs between \$3,000 and \$7,000.

Unexpected hospitalization can cost over \$60,000.

Delayed healthcare = higher cost later.

Everybody has the right to health care.
Why wait?

I support the elimination of the OHIP 3-month wait for landed immigrants.
